

# Jomar

## JOMAR CORPORATION IS THE FAMOUS WORLD LEADER IN SUPPLYING INJECTION BLOW MOLDING MACHINES AND MOLD SYSTEMS.

Jomar Corporation has been located in New Jersey, USA for over 40 years. Jomar has sold machines all over the world with hundreds of machines throughout Asia and China.

We offer complete "Turn Key" packages with molds and machines completely tested and guaranteed.

Our service engineers will train your people here at our headquarters and also in your factory in China.

The Jomar Injection Blow Machines can make bottles up to 1,000ml. We can use HDPE, LDPE, PP, PS, PC, PVC, BAREX, COC, COP and many other resins.

Our production rates can be from 400 bottles per hour to 6,000 bottles per hour. This includes all different shapes and sizes.

All our machines are fully automatic with no trimming required.

Many of our machines are still running after 35 years. This is due to very simple design of the machine and our outstanding service departments.

Please allow Jomar to quote on your next project.
